

IL BORGO APARTMENT LA ROSA

The apartment La Rosa extends on two levels of one of the main buildings of the Borgo of Castelfalfi, a medieval village rich in history. On the ground floor, a spacious living area with large french doors welcomes the guests and lead onto a large garden, with spectacular views across the Tuscan countryside. The first bedroom is located on the same same floor, while two other bedrooms are on the first floor of the apartment. All the bedrooms feature en-suite bathrooms. The furnishings are soft and elegant; the interiors have been inspired by the typical Tuscan colours of the region. Every detail of La Rosa recalls Tuscany: from the terracotta floors to the wooden beams, to the large spaces bringing the whole family together. Al fresco dining overlooking the hills will be an unforgettable experience.
